Grow Your Own takes us through one year of growing, pruning and harvesting in the Little Eden that is Blacktree Road Allotments. Some people keep allotments because they like the taste of fresh vegetables. Some go there for the company. Some of them are looking for love. Some of them are looking for the perfect manure. Some go there to escape from their marriages. One of them is there to escape from something much, much worse. A bouquet of freshly picked stories and fruity characters..

A LITTLE CHAOS re-imagines the creation of the Rockwork Grove, one small element of the Sun King, Louis XIV's building of the magnificent Palace of Versailles. Madame Sabine De Barra is an unlikely candidate for landscape architect of the still-to-be-completed Palace of Versailles. She has little time for the classical, ordered designs of the man who hires her, the famous architect Le Nôtre. However, as she works on her creation, she finds herself drawn to the enigmatic Le Nôtre and forced to negotiate the perilous rivalries and intricate etiquette of the court of King Louis XIV. But Sabine is made of strong stuff; her honesty and compassion help her to overcome both the challenges of her newfound popularity, and an unspeakable tragedy from her past, to win the favour of the Sun King and the heart of Le Nôtre.
